## Astounding Values In Ready - to - Wear Garments That You Need Right Now

For Monday, we have selected the most astonishing values of the season. As usual, we have made these selections from our regular high grade stock. In addition to those listed for Monday, we call special attention to the sale of skirts, which will continue all week.

These specials are only carrying out our idea, advanced early in the season, of from time to time giving values in stylish garments that cannot be duplicated in El Paso.

**Dresses in Values to  
\$28.50 Monday  
Only at  
\$19.85**

Stylish Cloth Dresses, made of serges, broadcloths, panamas, and novelty weaves. Many of these dresses are plain tailored and of a dark color, intended for street and shopping wear or perhaps for business. Others have handsome lace yokes, short sleeves and are handsomely trimmed in braids and silk embroidery. These dresses are suitable for church, for bridge parties, in short, for any occasion where you want to "dress up" a bit and yet don't want an elaborate costume. The color range embraces black, navy blue, brown, gray, tans, wisteria, white and other shades, also the mixed effects such as plaids, checks, black and white shepherd checks, etc. This is a one-day-only special. Dresses in values to \$28.50; Monday only we make a price of... **\$19.85**

**An Odd Lot of Coats, Values to  
\$15.00, to be Closed Out at \$5.00**

The past two weeks we have been selling lots of coats. As a result, quite a number of odd coats have accumulated. These we propose to close out as quickly as possible. They are 48-inch coats, in black and tans, mostly the last coat of some certain line. Of course, the size range is bad. They are all this season's coats, just the odd garments that steady selling along one line is sure to produce. Come and see if you can't find your size in the lot. If you can, it will be the biggest bargain you ever bought. Coats whose regular prices range up to \$15.00; choice... **\$5.00**

**INTRODUCTORY SPECIAL  
Waists Worth to \$7.50 for \$4.95**  
A shipment of handsome silk waists came in Saturday, and for one day only we offer them at a special introductory price. Also, to add greater interest, we have gone through our Waist Section and selected a number of other silk waists and include them Monday at the special price. These are taffeta, messaline and satin waists. The brilliant Persian effects predominate but there is a goodly showing of other styles. Waists in values up to \$7.50; Monday only, we quote a special price of... **\$4.95**

**Suits In Values to  
\$23.50 Monday  
Only at  
\$15.85**

For Monday, we have selected a variety of stylish suits. They are the fashionable mixed weaves—grays, browns, tans, black and white combinations. Coats are handsomely lined with a guaranteed satin. All the correct coat lengths are offered, skirts are cut on newest lines, the "hobble" effects are included. Suits are trimmed in buttons and stitched straps. If you want a stylish, good-looking suit to wear every day, all winter long, come Monday and select one of these. These are suits that are priced regularly up to \$23.50; Monday only, we give you... **\$15.85**

### All Week Sale of Skirts

The 100 skirts selected for Saturday's selling at \$4.85 and \$6.75 sold so quickly that we have selected more skirts similar to those, and selected enough, so we think, to hold an all-week sale.

These are the "hobble" and "semi-hobble" skirts, some are plain tailored, others self-trimmed with self bands, self straps, etc., still others are button-trimmed. Materials are voiles, panamas, henriettas, tweeds and novelty suitings. The skirts at \$4.85 come in solid colors—such as black, brown, gray and blue—also in the popular striped effects in various colorings. Skirts at \$6.75 come in solid colors, also in a great variety of novelty patterns.

Next week is certainly the time to secure a stylish skirt at a greatly reduced price. While the reduced prices are in force all week—that is, providing the skirts hold out—we suggest that you make your selection Monday and get "first choice."

#### Two Lots, as Follows:--

## STOPOVERS ARE GRANTED HERE

If People Do Not Stop, It Is  
Not the Fault of the  
Railroads.

It is not the fault of railroads, any local agents, that El Paso is not getting her share of the immigration movement to the southwest. During the colonial movement of October, perhaps, 15,000 people passed through the city to California and the west coast of Mexico, but only a small percent stopped over to investigate the opportunities of El Paso and the valley.

Every railroad running through El Paso—the Santa Fe, which is not a trunk line excepted—allows a stopover of 10 days in El Paso on all first and second class tickets. Notwithstanding the great pressure which has been brought to bear on the railroads, they have held out for the El Paso stopover when stopovers at larger middle west towns have been discontinued. Recently the local agent of the Southern Pacific received notice of the discontinuance of stopovers at middle west cities but specifically providing for the 10-day stopover at El Paso.

When the city agreed to put an end to the practice of ticket scalping in El Paso, the railroads issued tariffs providing for the stop over and the bargain has been held to by both sides.

**ELECTIVE JUDGES.**  
From Santa Fe New Mexican.  
It would be wiser to elect the president of the college of Agriculture and Mechanic Arts, or of the University of New Mexico, or all school teachers, than to elect the supreme court judges. The ability to make a vote-getting campaign is not the ability that is worth a copper on the bench. The man who must electioneer for his job must make promises and must do things that will handicap him for the rest of his life as a judge.

**THE PROBATE SYSTEM.**  
From the Santa Fe New Mexican.  
The New Mexican regrets that the constitutional convention will retain the probate courts and the present probate system without prescribing any qualifications for probate judges. Here is one instance where the popular demand is for the most mischievous cause and that giving in to popular clamor may result in the retention of a system that is obviously wrong. It is possible at times, that the representatives of a people may be wiser, more patriotic and unselfish, than the people who elected them.

## Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

**INEVITABLE.**  
"WHAT a smell of smoke is about! Do you allow your husband to smoke in the parlor?"  
"He doesn't as a rule, but this morning—" "You are very wrong to allow any exceptions whatever, my dear woman. You ought not to allow him to smoke under any possible circumstances, even once."  
"But, my dear woman, this morning he simply had to smoke. His coat was on fire."

FACE—I have a chance to marry a poor girl whom I love, or a rich woman whom I do not love. What would you advise?  
George—Love is the salt of life, my friend. Without it all else is naught. Love—pure joy—makes poverty wealth, pain a joy, earth a paradise.  
Jack—Enough! I will marry the girl whom I love.  
George—Bravely spoken! By the way, would you—er—mind introducing me to the rich woman whom you do not love? ought to be made."

**ABOUT ALL.**  
"What good will it do us to communicate with the other planets, if we can't visit them?"  
"Oh, I don't know. We might have interstellar chess."

"Melancholy temperament, hey?"  
"Not that I know of. He works in the mines."

"I suppose they serve wine at banquets to make the speakers witty."  
"No, they serve it to make the other people think the speakers are witty."
